

Single 9db Yagi Master Antenna Kit

KIT-SINGLEYAGI-9DB-MASTER

Single directional 9db Yagi antenna upgrade kit for use at the Fixed Master location. The kit is configured with one directional 9db antenna to extend the transmit range of the Fixed Master Outdoor Unit (ODU) in one direction away from the Fixed Master location. The kit includes one L-COM 9db Yagi antenna (HG909YE-NF) with pole mount (shown mounted on a customer provided ~2" pole dia.), one NF2NM cable adapter. STS-200-ODU (shown above) is not included in the kit.
